persons in station knowledge all projects + agents + MI operations.
Randall would know all MI that they would inform of – they often didn't – CIA sometimes caught them
1961 – MI wasn't Reporting ANYTHING – R WAS brought there to CORRECT

GMN

All CO's had access.

↑ TRUE NAME

they did maintain card file source register for CIA + MI agents.

COS
DCOS would know all
Chief of Ops if they had one,

would true name to crypto file in some form as all stations do.

source index reported to HQ
YES — in some form.

there had to be CIA HQ approval before utilizing agent.

military? ↑
P →

there were written guidelines from HQ for exceptions

targets — NOT included in agent file → access of agents would be.

UNSURE → thinks would probably have to clear as high as CINCPAC — but ~ familiar w/ procedures!

can't rember nature of individual (201) filing system on individuals.

card file would lead to the CO if you got a hit. CO would have a project file + part of it would be on personnel.

first time heard allega. LHO was an agent.

1975 - FOIA leaned of allegations of "assassinations kooks".

Wilcott:
remember him vaguely as finance clerk at [(FU CHU)] quiet individual.
10

can't remember any associations or any of Wilcotts duties.

Jack Randall was Chief of Finance.

Wilcott could have been dispensing off & if was would probably have discussed project/expenses w/ him.

11/22/63:
maid told him news.

first heard it was LHO & he was ex marine stationed in Japan:

answer: 1975 FOIA duties.

never heard anything about it in Tokyo.
